

REVISION COURSE

A 2-day INTENSIVE workshop for Year 12 students wanting to improve their A-level grades. Saturday/Sunday 8/9th April 2017 at the University of Nottingham.

The Skills

Our experts will take you through ways to improve every aspect of your revision, using neuroscience, free online tools and advice from over 20 years experience.

Subject Masterclasses

Hear from teachers, experts and former chief examiners as they deconstruct the problem exam questions and tell you exactly how to get that A* grade in Chemistry, Biology and Physics

Your course - your sessions

Not doing all of the masterclass subjects? Don't worry! You can choose between the intensive subject preparation and extra revision support seminars.

REVISION COURSE

SKILLS

EXERCISE AND THE BRAIN

Find out how something as simple as exercise can produce chemicals that stimulate neurogenesis and aid your learning.

ONLINE REVISION TOOLS

We will show you a plethora of *free* online tools that you can use to help prepare you for your exams.

CONQUERING EXAM NERVES

Exam nerves plague thousands of people. In this session we'll show you how to beat them.

UPGRADE YOUR REVISION

In this session we'll outline a number of structured approaches you can take to maximise your revision time.

TRICK YOUR BRAIN INTO LEARNING FASTER

It's possible to trick the brain into doing lots of things, including increasing your memory and problem solving ability.

SPEED READING

Master this invaluable skill that can save you hundreds of hours.

MYTH BUSTING

There are a lot of "myths" about the best way to revise that can actually be detrimental. We'll help you separate the good advice from the bad.

PRACTICE

SUBJECT MASTERCLASSES

We will give you all the preparation you need for your Chemistry, Biology and Physics exams by:

- Going through the chief examiners report to see what the people setting the test have to say.
- Looking at example questions in detail to show you what you need to do to give an A+ answer.
- Tackling the problem questions that most candidates struggle with so that you can stand out.
- Giving you practice tests to prepare you for the hardest questions

ALTERNATIVE LECTURES

Not doing all of the masterclass subjects? Don't worry, there will be range of extra sessions to choose from instead!
