THE COURSE

WORK EXPERIENCE

You will need to show your commitment to a career in veterinary science with evidence of work experience. Find out what really counts and how to go about getting it.

PERSONAL STATEMENT

A good personal statement can be the difference between an offer/interview and rejection. Find out how to write a personal statement that will increase your chances of winning a place at veterinary school. Our experts will share the *top five secrets* of personal statement success. PLUS a free personal statement analysis when you are ready to apply.

MULTIPLE MINI INTERVIEW

Our experts will show you actual past MMI questions and break them down for you. You'll then take that knowledge as you are guided through a series of real MMI stations.

WHAT DO THE VETERINARY SCHOOLS WANT?

Hear from Admissions deans from the UK and overseas to understand what veterinary schools are looking for in their student intake.

LIVING THE DREAM

Talk to veterinary students, who, just a short time ago, were feeling just like you. Find out what they encountered on their journey and how they succeeded.

CHEMISTRY A* MASTERCLASS

Chemistry is *essential* for the prospective veterinary student. Your goal should be to obtain an A*. This optional session, examining how to give model answers, and giving advice on how to prepare for the exam, is offered to all delegates:

- What does getting an A* involve
- How do I achieve an A*
- Practical study techniques for an A*

(Additional Fee applies)

VET-MEDLINK EXHIBITION

This FREE EXHIBITION, full of universities, activity pods and free seminars, will be open to everyone coming to Vet-Medlink and their parents and teachers.

FREE DELUXE STETHOSCOPE

For every student who attends Vet-Medlink Intensive, not only will you be given a deluxe Sprague Rappaport stethoscope, but also access to online training materials in its use.

AUSCULTATION PRACTICAL

Equipped with your *free* stethoscope, and online instruction seminar, practise one of the most important diagnostic techniques, guided and directed by veterinary students.

VET-MEDLINK FREE!!

Not coming on the residential course? Well, we still want you to join us for the Exhibition, completely free. Come along, enjoy the free seminars, meet with the universities, try out state-of-the-art equipment and even get a stethoscope all for free!

THE EDGE

This optional session has the single aim of improving your chances of winning a place at medical school:

- How to work with your teachers to ensure a good school report
- Problems with A-levels; what are the solutions?
- What do the medical schools think about?
- How to make your UCAS form really stand out
- Interview techniques that really work
- Poor A-level results need not mean the end
- Opportunities for studying abroad exist, find out about them here

AND MUCH MUCH MORE...

(Additional Fee applies)
